Summary

"Shirahime-kun, we're mutual enemies now, aren't we?" Despite being a close classmate, the class president made a shocking confession to Kanata.

The president earnestly attempted to stop her mother's villainy. However, her mother's personality had already been reduced to the Discord Fearness. In order to save the President, Kanata...!

TL A Discord is a Noise that is unique, independent and abnormally strong. They have the ability to influence / command normal Noise.

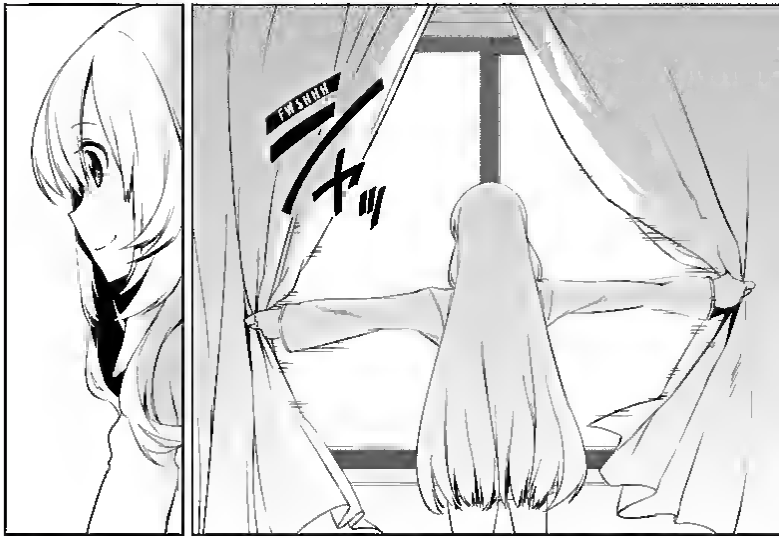
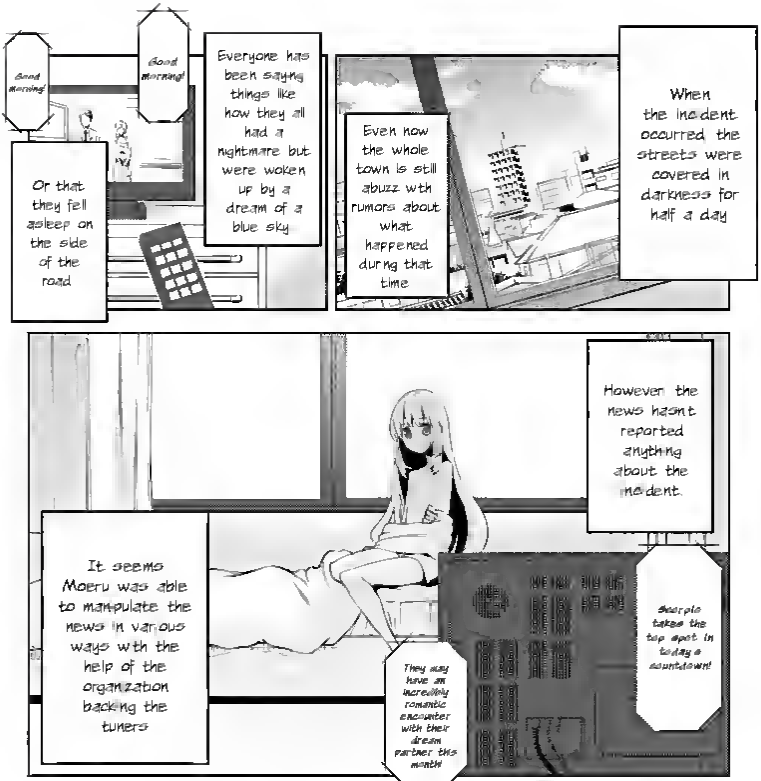
I can't say I'll never do that again, but...
Given the cost, I'm fine with waiting until I'm released from the contract.



FWSHH



Good morning!
Good morning!
Or that they fell asleep on the side of the road
Everyone has been saying things like how they all had a nightmare but were woken up by a dream of a blue sky
Even now the whole town is still abuzz wth rumors about what happened durng that time
When the incident occurred the streets were covered in darkness for half a day
However the news hasnt reported anything about the incident.
It seems Moeru was able to manipulate the news in various ways wth the help of the organization backing the tuners
They say have an incredibly romantic encounter with their dream partner this month
Scorpio takes the top spot in today s countdown!

Hey. About last week's mass fainting incident
Many people were involved but their stories are all blurred
Some said they saw different colored figures flying in the air
However, the news is avoiding reporting anything on this...

sfx DASH DASH

Ha Ha
Colors eh?
The colors are the only piece of information that is consistent
They were blue red light brown and black... I believe
Heh~.. Is that so..

Red Gre-chan lamented that the number of Noise decreased after the series of incidents was resolved
Most likely she's rethinking the approach she's used up until now

30

Light Brown Right after the incident was resolved, Yoroneesan had to go back two districts over
She was so upset about having to leave that she hugged Ruma-chan and I so tightly we passed out...

Up until the very end I never knew Effect very well
Mother has reassured me that "they'll never hurt anyone ever again" among other things, though
Black Effect is missing

Jou-kun, you watched it 10 times even though we have a quiz today?
I watched it 10 times yesterday alone!
Did you see yesterday's Million Bell!? It was god-tier!
By the way Kanata

*fx Hahahaha ☆sparkle☆ ☆sparkle☆

We... We have a quiz!?
What do I do now!?
Crap~ I wish there were someone who could help me prepare for the quiz...
おぁあ!!
pfft. AAAH!
However something important has changed
See this is why you shouldn't have always relied on being able to borrow the class president's notes at the last minute!
Every day is always so calm..

The president disappeared along with her mother

I wonder what the president is doing right now?

Hey Kanata

I'm sorry.
and...
thank you.

It's been a week and her seat is still empty

...Nope, it's nothing

Huh? D'd you say something?

I wonder, what was t I was hoping to hear...

Those were the only words she said before she died

Maybe her plan from the start was that I'd end everything so she could disappear
Her sudden disappearance didn't seem unusual to anyone due to Recognition Inhibition.
I never even got the chance to repay her for overlooking my tardiness.

We might still make it!
